

D4C Radiograph Protocol

Before taking radiographs, D4C employees will receive, read and acknowledge the following:

1. Review the Dental Radiographic Examination: Recommendations For Patient Selection and Limiting Radiation Exposure Manual
2. Employees will receive hands on training with a D4C Training Team member or Practice Manager to ensure ability and proper techniques to obtain dental radiographs.
3. Each employee will adhere to any additional state standards that apply (State standards are located in the “Scope of Practice” in the Compliance tab on the D4CDB Intranet page)

I, _____ acknowledge that the following D4C Radiograph Safety Study Guide have been provided for me to review and further educate myself during my training process. I have been provided hands on training and the opportunity to ask questions to ensure my success in this role.

I fully understand all policies and procedures that have been set forth by the information that I obtained and agree to them. I will fulfill any state requirements in order to be D4C and state certified. I agree not to take radiographs unless fully authorized to do so under these standards.

Employee Signature:

_____ has completed hands on training to comply with D4C Radiograph Protocol.

D4C Training Team Member/Practice Manager
